TOTAL POWER QUALITY
OPTIMIZE PRODUCTION EFFICIENCY

SolaHD IS COMMITTED TO ELIMINATING POWER DISTURBANCES AND NOISE

Industrial environments depend on electronic equipment to succeed in today's highly competitive, efficiency-driven business world. Power quality issues, such as voltage fluctuations, harmonic distortions, noise and power outages, can disrupt production, damage equipment and corrupt valuable data.

SolaHD offers a broad range of solutions ranging from transformers to reduce electrical noise and Power Supplies for sag-immunity, to Filters and Surge Suppressors to protect from the threat of voltage transients.

ABOUT US

DBA Gopher Electronics

Agility EMS is recognized as a progressive industrial electronic distributor. Our specialty is customer service. Our key product areas are: Connectors, Switches, Sensors, Circuit Protection, Fans, and Power Supplies. Agility EMS also manufactures Flat Flexible Conductor Cable Assemblies and terminates Flexible Printed Circuits/Membrane Switches. Additionally, Agility will provide value-added sub-assemblies to customer specific print.

Customers recognize and appreciate good service, yet how often are your expectations met or surpassed? There is one definitive measure of service—your satisfaction! At Agility EMS, individualized flexible service is our specialty.

Agility EMS offers the following solutions:

- Quick access to inventory
- Reliability and Accuracy
- Technical Expertise
- Flexibility and Responsiveness
- Stability

Agility EMS is highly selective about our portfolio of suppliers. Technical innovations from suppliers combined with your company's product development needs create constant change. Agility is the distributor with the resources to help guide you to the correct product solution.

Responsiveness is the foundation to serving technology leaders. Flexibility, creativity, financial strength, and personalized service are a few of the qualities that describe Agility EMS' proven performance.
