

MARKETS SERVED:

MOBILE EQUIPMENT  
INDUSTRIAL  
MEDICAL  
ENERGY

# Distribution Component Line Card

Smarter forecasting. On-time delivery.

## ELECTROMECHANICAL SUPPLY CHAIN SOLUTIONS:

- Personalized service with real people helping real people since 1952
- Quality component distribution from a trusted supplier network
- Vendor reduction through consolidated sourcing and long-term partnerships
- Competitive pricing backed by supplier alignment and volume planning
- On-Time delivery enabled by our S&OP process including forecasting, EDI order entry, and stocking programs
- Custom assemblies from simple kitting to complex electromechanical sub-assemblies, with testing, labeling, and packaging for production-ready delivery
- Engineering support from component selection to design for manufacturing

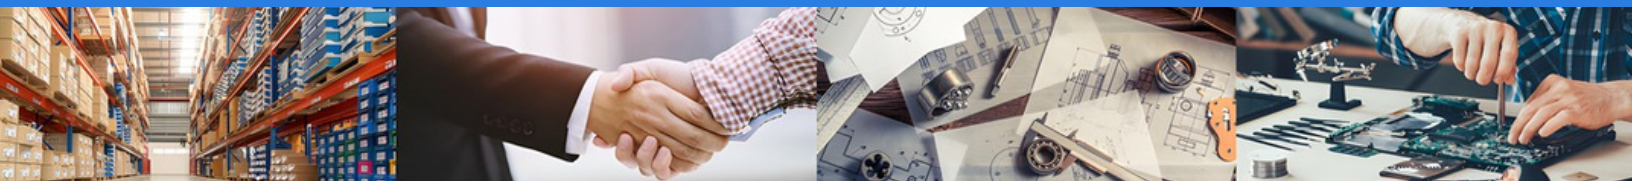

# Providing Exceptional Customer Experience and Innovative Solutions
